Thursday March 26th, 2020

A117.1 2017 Ed

Friday March 27th, 2020

2018 IBC
Essentials

Description: A117.1 2017 Ed

This course offers an overview and in-depth coverage of the changes from the 2003 to the 2017 A117.1 Accessibility Standard. It identifies important changes in organization, accessibility standard requirements and the applicability of these requirements to design, plan review and inspection. This course uses the ICC publication Significant changes to the A117.1 Accessibility Standard – 2017 Edition, a full color publication authored by ICC expert Jay Woodward.

Description: 2018 IBC Essentials

This seminar focuses on the basic concepts of the 2018 International Building Code® (IBC®). These concepts provide a basis for the correct utilization of the code. A clear understanding of the identified requirements allows the code user to apply the IBC in specific situations and helps to build an understanding of the intent of the code when asked to make a judgment on code compliance. This course will also help the code user to correctly locate code requirements. It will also provide a basis for the correct use and application of the code as well as to begin to develop a procedure for applying them. It will address the organization of the code and how it relates to the IBC family of International Codes (I-Codes).

Instructor – Jay Woodward

8 a.m. to 4 p.m. March 26th & 27th (lunch provided both days)

ICC Continuing Education Credits are available both days, includes workbooks
