**2018 Commercial Fire Plan Review**

#### Course Description

This seminar presents the process of conducting commercial fire inspections, following the provisions and requirements of the 2018 International Fire Code®. Specifically, the seminar provides participants with checklists that enable those performing commercial fire inspections to determine whether the materials, design, construction, installation and location of building components comply with the code. Participants will be able to successfully conduct a commercial fire inspection using the 2018 International Fire Code® (IFC®).

### Friday September 15, 2023

**2018 IMC and IFGC Combustion Air and Venting**

#### Course Description

The course will provide participants with a thorough understanding of key areas of the 2018 International Mechanical Code®, 2018 International Fuel Gas Code®, and related standards regarding combustion air & venting systems.
