Description: 2021 IPMC

This class provides code officials and other interested parties with the fundamental knowledge necessary to administer and enforce applicable code requirements of the 2021 International Property Maintenance Code® (IPMC®). This information will increase the participant's ability to locate, describe and apply the appropriate code sections of the IPMC in order to determine compliance or noncompliance while performing a residential or commercial inspection

Friday September 20th, 2024

Description: Mass Timber & Residential Decks

The American Wood Council (AWC) Midwest Regional Manager, Ed Lisinski, will teach the latest in wood codes in the IBC and IRC. The morning class will be on the new mass timber and Type IV construction provisions in the 2021 IBC and fire rated wood framed assemblies. The afternoon will be a class on changes to the deck code provisions in the 2021 IRC and a class of frequently asked questions that AWC receives from building officials and inspectors across the country. If there is time, there will be a Q&A session and an introduction to the free resources provided on AWC's website.

8:30 a.m. to 4 p.m. September 19th and 20th (lunch is provided both days)

ICC Continuing Education Credits are available both days.
